PURPOSE

World Learning seeks a consultant based in Egypt to support its efforts to gather information related to the upcoming USAID science, technology, engineering, and math (STEM) education activity. The ideal candidate will have a deep understanding of ongoing USAID programs in Egypt, as well as expertise in the Egyptian education system, STEM education, and related fields.

DESCRIPTION OF NEEDS AND SERVICES

- Produce a report detailing:
 - targeted information on USAID Egypt and Ministry of Education and Technical Education (MOETE) priorities related to STEM education
 - targeted information on the competitive environment
 - list of key contacts within MOETE and working with MOETE related to STEM education
- Identify and document Egyptian institutions that currently support the integration of STEM into Egyptian public schools, including an overview of the organization, capabilities, and key contacts.
- Overview of the current status of STEM integration into Egyptian public schools, including school locations, grades in which STEM is introduced, and linkages the schools may have with the private sector or higher education institutions.

Qualifications

- Strong familiarity with the Ministry of Education and Technical Education (MOETE) and USAID programming.
- Strong understanding of the Egyptian education sector.

- Expertise or technical background in STEM in the Egyptian context.
- Ability to synthesize large amounts of information into concise work products.
- Fluency in English and Arabic.
- Experience working in a similar capacity with international organizations is preferred.
- Bachelor's degree in a STEM related field a plus and at least seven years of relevant experience; master's preferred.

EVALUATION CRITERIA

- The consultancy award will be based on a combination of factors, including best value, consultant qualifications, and past performance experience on activities with similar scope, interview, and references.

BACKGROUND

World Learning Inc. is a thriving global organization incorporating The Experiment in International Living, the nation's most experienced provider of international education through exchanges for high school students; School for International Training, offering accredited undergraduate study abroad programs through SIT Study Abroad and internationally focused master's degrees through SIT Graduate Institute; and World Learning, a global development and exchange nonprofit organization. World Learning has worked to create a more sustainable, peaceful, and just world. World Learning's education, development, and exchange programs help people find their voices, connect with their communities, strengthen the institutions that form the backbone of a democratic society, and build relationships across cultures. With World Learning's support, these emerging leaders tackle critical global issues like poverty, conflict, and inequality.

ORGANIZATIONAL COMMITMENT TO DIVERSITY, EQUITY, INCLUSION, AND ACCESS

We are a globally diverse community of staff, faculty, board members, alumni, students, and participants who believe that inclusive and equitable practices are at the heart of a peaceful and just world. Each of us strives to honor diverse voices and lived experiences, examine our own biases and privileges, actively work to address inequities in our structures, and foster a community of open dialogue. We are committed to acting with accountability, transparency, reciprocity, authenticity, and empathy.

World Learning is an equal employment opportunity/affirmative action/veterans/ADA employer committed to increasing the diversity of its workforce.
